SUBJECT INDEX

A

Abrasives: See Grinding

Accounting:
Accounting procedure changes may be growth barrier to conglomerates, 11/17, p.23

Accounts Payable:
CAPPS, computer system for North American, 12/1, p.40

Accounts Receivable:
AMTDA problem: Money and how to collect it, 10/20, p.13
Collecting remains problem for suppliers: Credit Research report, 10/6, p.19

Acid Handling: See Pickling

Acquisitions:
Gulf & Western: Acquisitions bring wide diversification—gets manufacturing operations into line, 11/24, p.50

Adaptive Control: See Numerical Controls

Adhesives: See Joining

Advertising Index:
Help-wanted ads drop, NICB report, 7/7, p.25
Help wanted ads reach record levels, but unemployment and benefit drawing increases, 8/18, p.29
Help wanted ads show gain in July 9/8, p.12; Sept. 11/17, p.21; Oct. 12/8, p.23

Aerospace Industries Assn.:
Drill standard cuts costs, 8/18, p.19
Harr's predictions for 1969 and 1970, 12/29, p.13

Aerospace Industry:
Aerospace experts must take social initiative, 12/8, p.88b*
Aerospace firms diversifying, 7/14, p.15
Aerospace industry looks the earth over (STEEL Feature), new market areas, 9/22, p.21
Orbital manufacturing technology, 7/28, p.17
Professional people laid off, employment figures, 9/8, p.18
Sales drop seen for 1969, 1970 forecast, 12/29, p.13

Africa:
Copper deposit discovered, 12/8, p.29
Mining prospects, U. S. Steel, 9/15, p.27

Aircraft:
Air freight terminal for L-500 slated by Lockheed, 7/28, p.19
Bending tough tubes for Boeing 747, 12/8, p.27
Graphite replacing steel in brakes of TriStar L-1011, 12/29, p.16
Jetliners in late '70s may seat up to 1,000, 8/4, p.17
Perforated panels (thin aluminum and Inconel) lessen jet noise, 12/8, p.88c*
Propeller for vertical-short takeoff teams titanium, fiber glass, 10/6, p.29
SST go-ahead, Boeing optimistic, 9/29, p.21

Air Cushion:
Grumman proposed tracked air cushion vehicle for intercity travel, 9/22, p.26

Air Pollution:
Air code violations by steel firms predicted by Hunter, U. S. Steel, 12/22, p.12
Air pollution code for control pushed in Pittsburgh area, 12/8, p.21
Automakers face pollution suit, Illinois, 9/29, p.23
Bendix electronic fuel injection system, pollution control, 11/3, p.9
Chemico's OG process cuts pollution, 8/11, p.26
Chicago steel mills, output overtakes controls, 7/21, p.17
Clean air codes may call for shift in fuels, 11/24, p.31
Control equipment market booms, 12/29, p.18
Los Angeles monitors air pollution by computer, 10/20, p.15
Rust/Von Roll incinerator disposes of municipal or industrial wastes without polluting air, 7/14, p.36
SIFCO switch to gas instead of coal for steam boilers solves pollution problem, 10/6, p.60
Tax pollution and waste: Teller, Cooper Union, proposal, 7/7, p.21

Airports:
Container system cuts baggage delivery time, 8/25, p.18
Ice detector system for runways, 7/14, p.22
Jumbo jets have airports hustling, 8/4, p.23
Kennedy International: Three-door bridges handle people, 11/24, p.24
Pan Am readies Kennedy International for 747s, 8/4, p.24

Air Traffic:
3-D radar systems for air control, 10/27, p.21
Free world airlines cargo traffic vs. passenger traffic, 9/22, p.25

Alaska:
Survey on Alaskan rail-highway into north and northwestern frontier, 10/6, p.23

Alcoholism:
Cost to business, 9/29, p.21

Alloys:
Aluminum alloy codified, 10/27, p.23
ILZRO 12, new zinc base foundry alloy, 7/7, p.88e*
Low alloy steels made corrosion resistant by nitriding, Hungarian source, 8/4, p.17
Magnesium alloy ZE1A casts with ease, aerospace use, 8/11, p.52

Aluminum Industry:
Aluminum capacity by 1980, need to raise capital: MacGregor (AMAX) reports, 12/8, p.21
Aluminum growth for electrical uses, 9/8, p.12
Aluminum price hikes expected to continue, both ingot and fabricated products (Kaiser executives forecast), 11/24, p.21
Industry must prepare to compete on an international basis and to combine on major research programs, Harper (Alcoa) predicts, 12/29, p.13
Venezuelan plant expands, 9/29, p.29

American Assn. of Industrial Management:
How to get along with a union shop steward, 8/4, p.41
Train foremen to bridge shift-to-shift barriers, communications links, 7/14, p.44

American Die Casting Institute:
Cost saving techniques in dies, 10/13, p.23

American Iron & Steel Institute:
Bay Estes joins as vice president-economist, 10/6, p.25
Pollution fight intensified, survey indicates, 8/25, p.16
Standardized paperwork and product nomenclature among goals, 9/22, p.12

American Machine Tool Distributors' Assn.:
Hoffman chides 'moneyboy' proposals, outgoing president, 10/13, p.22
Kelley comments on drop in new and used tools, 9/29, p.19
Money and how to collect—problem, 10/20, p.13
Uniform depreciation rates urged, 7/14, p.17

American Management Assn.:
Heller and Stein speakers: Ground rules needed to curb wage-price spiral, 11/17, p.23
Marcus: Meeting plight of foremen, 8/4, p.25

American Metal Stamping Assn.:
1970 outlook good: Keith reports, 12/1, p.52

American Society for Metals:
Show: New fashions of metals design, 11/17, p.40m*

American Society for Testing & Materials:
BOF steel wins more specs, 9/8, p.14

American Statistical Assn.:
Economy cooling agonizingly slow: Dr. Cohen forecast, 8/25, p.16

American Trucking Assn.:
EDP for trucking industry, report, 7/14, p.9

Appliance Industry:
Advances in appliances forecast, 11/17, p.27
Affluence threat to energy of industry: Beebe, Philco-Ford, 7/7, p.21
Industry report, 9/15, p.111
Major appliance sales up, 12/29, p.15

Argonne National Laboratory:
How hydrogen embrittles, scientists report, 7/7, p.25

Atomic Energy:
AEC agreement with Republic Steel, Californium-252 use in lab, 10/27, p.21
AEC reports nuclear powerplant construction, 11/3, p.18
Atom fusion power nearer reality, 9/8, p.12
Nuclear industry, Stanford study, 10/27, p.20
X-ray analyzer finds element's quantity, 12/8, p.71

Australia:
Alcan opens Kurri Kurri plant, 11/10, p.24
Alumina refinery, 2nd to be built, 10/20, p.16
Aluminum product exports by 1980, 7/28, p.16
American steelmakers eye Australian venture, 9/29, p.19
Australians shift continuous steelmaking into second gear, Worcra process, 10/20, p.41† and 10/27, p.48a*
Big alumina facility proposed, Netherlands firms, 7/14, p.68
Four mining projects planned for eastern Victoria, 9/22, p.15
High grade nickel source, 9/15, p.27
"Instant town" to be constructed to serve alumina-bauxite project on Gove Peninsula, 12/29, p.17
Iron ore exporters negotiate for Japanese contracts, 11/24, p.24
Mineral lead within 30 years predicted, 9/29, p.29
Steel plants to up exports, 10/13, p.24
Trucking industry boost with new truck drive axle plant, 11/17, p.29
Victoria steelworks plan, 8/4, p.21

Automation:
Automatic factory: Who needs it, 12/22, p.32
Traditional business methods sows automation, Honeywell Binger reports, 11/3, p.18

Automotive:
1970 developments on model line, 9/15, p.15
1970 forecast, 8.5 million car sales, 12/15, p.14
Aluminum usage estimated, 12/1, p.15
AMC expects import share of market to diminish, 12/29, p.14
AMC goes into four-wheel drive, 12/15, p.9
Auto dealership: Automakers aim at mismanagement, 12/22, p.7
Auto firms charged with antipollution conspiracy, Northern Illinois, and California, 11/3, p.23
Auto output to boom, Ward's report, 7/14, p.19
Auto prices, FTC hearings, 9/29, p.11
Auto standards universal for safety, international, 10/13, p.22
Average age of auto buyers under 23, 9/15, p.15
Bump shops go franchise route—collision repair, 7/21, p.11
Bumpers-protective coming in '72 models—result of consumer griping and Congressional nudging, 11/17, p.7
Bus systems, Flint tries out portal-to-portal, 8/11, p.15
Checkered flag for hot car talk, muscle car, 12/1, p.7
Chevy looks down the road—DeLorean predicts, 9/8, p.7
Composite strip for auto trim planned for 1971 models, 7/7, p.88f*
Computer ready to replace electrical circuitry in autos, CEDAC system, 9/22, p.14
Convertibles: Coiffures, costs dent ragtop sales, 10/13, p.11
Design and engineering changes 'laid to rest,' 8/4, p.9
Electric car powered by lead-cobalt energy cells, 12/22, p.15
Electronic Data Processing, trucking industry, 7/14, p.9
Fleet car leasing trend to smaller cars, 9/29, p.23
Ford's program to minimize air pollution, 12/29, p.7
GM-Chevy minicar, names forecast (GMini, Pony), 12/22, p.14
GM (Kintigh): How to tackle last minute design change, 7/7, p.88d*
GM's Roche talks pricing, 9/22, p.7
Horsepower race down on the farm, Ford expands tractor operation, 10/6, p.13
Hydrostatic transmissions—nothing static, 11/24, p.11
Indian Head stalks Detroit, 11/10, p.11
Italian lab car, Miura, 8/18, p.11
Lear working on gas turbine/electric cars, 12/15, p.17
Muscle car described, 12/1, p.7
Oldsmobile pushes engineering. Cutlass Supreme, new car, at top of Cutlass series, 9/15, p.13
Plastic auto parts on cars and trucks, 10/6, p.21
Plastics soaring in Detroit, sheet molded fiber glass, 10/27, p.9
Racing car rules, ACCUS (impact on appearance of cars on highways), 7/7, p.13
Reliability pushed by Ford, others, 9/15, p.23
Retail stores test auto rentals (Sears, Grant, Montgomery Ward), 9/29, p.23
Safety: Passive systems pushed (air bag inflation, collapsible steering column), 10/20, p.7
Safety study (Cornell), deaths at intersections, use of computer, 8/25, p.9
Skid control system, 7/28, p.7
Smog may spark fuel injection, 11/3, p.9
Steam car research, AMC, 12/8, p.21
Tires at Ford are rayon-belt, 10/6, p.29
Truck output for '69, Ward's, 12/8, p.25

Code: *—*Metalworking Edition only;* †—*Metalproducing Edition only;* IE—*Industrial Equipment*

Truck-tractors get four wheel drive, over-the-road hauling, 7/14, p.23
Trucktrailer drivers can unload trailers with Foldfork attachment, 7/14, p.23
UAW sets its bargaining sights, 12/8, p.11
Zinc rejuvenation in industry, 8/18, p.9

B

Bar Mills:
Bar producers close generation gap (list of modern bar mills for era of quality), 9/29, p.57

Battelle Memorial Institute:
Energy cost reduction studied, 11/24, p.22
Modern bar mills, market studied, 9/29, p.57
Refractory wire drawing refined, German branch, 8/4, p.20
Sludge study may offer metal profits, 8/11, p.60d
Technique tests defects in composites such as honeycomb, 9/22, p.14
Titanium T-shapes, high frequency resistance weld, 7/7, p.80f*

Batteries:
A lithium, copper fluoride battery developed for NASA, 8/18, p.20
Undersea power, magnesium-steel wool battery can be stored indefinitely, 10/6, p.27

Behavior Science: See Managing for Productivity

Blacks: See Negroes

British Iron & Steel Research Assn.:
Powder deposited uniformly on face of a moving strip of metal with grooved rotating roll, 9/22, p.14
Radar checks blast furnace level, 8/11, p.26

Building Codes:
We need better building codes: Geo. Romney (HUD), STEEL Feature, 7/7, p.41
Where states stand on codes, 7/7, p.47

Bureau of Budget:
S.I.C. system being revised, 9/8, p.12

Bureau of National Affairs Inc.:
Median negotiated wage gain slips, 11/10, p.17
"Mod" dress and grooming standards unacceptable while job hunting (American Society for Personnel Administration), 12/29, p.14

Business & Defense Services:
Computerized monthly report on steel imports, 10/20, p.11

Business (Economy):
1969: Outcome compared to forecast (chart), 12/29, p.5
1969 outlook, growth rate, GNP (Chartener), 7/28, p.5
1970: Cloudy forecast, 12/29, p.12
1970: Something to disbelieve in—no typical forecast, 12/1, p.5
1970 forecast by business forecasters: Year we pay for financial sins of '60s, 12/22, p.20
1970 forecast, First Nat'l Bank of Chicago, 12/15, p.14
1970 forecast, NAPM, 12/15, p.15
1970 forecasters at NICB conference, 11/3, p.13
Banks may boost discount rate, 7/21, p.18
Barometers of business, 1st Nat'l Bank of Chicago forecast, 7/7, p.23
Barometers of business, gas appliances and plastics, 8/11, p.21
Barometers of business, NIDA report, 7/28, p.12
Business runs scared of forecasts, 12/15, p.5
Capital spending by corporations forecast, 12/1, p.11
Capital spending growth, Edie surveys show no letup, 9/22, p.12
Capital spending moves downrange—cooling inflation, 9/22, p.5
Capital spending plans (SEC), government economists not happy, 12/8, p.19
Consumer buying, 2nd half outlook (Chrysler cutbacks), 7/21, p.7
Economic slowdowns begin piling up, 11/17, p.7
Economist Stein (President's Council) addresses NABE: Pitfalls policy makers may stumble into, 10/6, p.7
Economist Weidenbaum, Treasury Dept.: Keep braking economy, 11/17, p.21
Economists predict 3rd quarter, government spending will fit into economy, 8/25, p.7
Economy cooling agonizingly slow: Dr. Cohen (ASA), 8/25, p.16
Economy shown in graphs, 1966-'69, 9/15, p.7
GNP faster than profits, bank survey, 8/18, p.17
Inflation beginning to end? Economists' views, 10/6, p.19
Inflation continues to erode economy, industry trendline, 8/18, p.25
Inflation cure: Dr. Pierre Rinfret, 9/29, p.7
Inflation: Cushions needed to soften slowdown, 10/13, p.7
Inflation, government officials predict no letup, others see it subside, 9/8, p.5
Inflation kept out of capital spending budget: Armco and Kaiser Engineers speakers, 10/6, p.23
Inflation kindles worker revolt (consumer), Goldfinger report at Pitt conference, 10/27, p.7
Inflation rate for U. S. economy in 1970 forecast by Commerce Sec'y Stans, 11/3, p.13
Inflation reduced, DoD cut in spending, 12/8, p.7
Inflation-trillion dollar threatens, 11/24, p.7
Metalworking profits, 1st half, 8/11, p.7
Metalworking 3rd quarter survey: Profits give 'squeeze' the slip, 11/3, p.7
Minorities should be in economic mainstream: Brimmer, FRS, 9/8, p.13
Money squeeze, industry pinches pennies to beat shortage, 7/21, p.23
Prosperity and inflation in the 60s, 12/29, p.34
Railroad head sees steel, packaging bright in '70, 11/10, p.53
Recession in '70? Little chance, Rinfret, 11/24, p.20
Recession—time to bone up on homework, industry trendlines, 7/14, p.25
Recession, who fares best? 11/10, p.7
STEEL's panel of economic consultants view 1970, 10/6, p.45
Steelmakers' profits, 3rd quarter, 11/3, p.17
Tight money: A challenge to shrug, 7/7, p.7
Tight money, high interest rate, affect borrowing, 8/4, p.18
Unemployment is now the issue in the anti-inflation picture, 10/20, p.5
Vietnam peace: Treasury economist optimistic about impact, 8/25, p.24

Business Equipment:
Growth in information processing industry, 11/3, p.17
Industry market report, 9/22, p.48

Business Failures:
In electronic industries, 7/7, p.23

Business-Government:
Gap with government widest at middle management level (Packard, deputy Defense Sec'y and Chartner, ex-government economist), 11/17, p.36

C

California:
Buy-American Act, court action backed by traders, 12/1, p.12

California Institute of Technology:
Prof. Gray: Crash program rash leads to indifference, 11/3, p.45

Canada:
Auto Pact Agreement pushed by U. S., 12/1, p.15
Capital spending up, Chicago Commerce report, 9/8, p.12
ECC emphasizing manufactured goods, 11/17, p.40d*
Four firms to explore copper claims in Quebec, 8/25, p.20
Inco offers price settlement to USA strikers, 11/17, p.21
Iron ore strike, peace starts mills scrambling, 8/18, p.15
Labor costs for Canadian steel closer to U. S. levels, 11/10, p.19
North Country—steelmen maintain momentum (STEEL Feature), 9/8, p.29
Steel producers, integrated and nonintegrated (chart), 9/8, p.32

Capital Spending: See Business (Economy)

Case Western Reserve University:
Prof. Lawyer: Small firms, how to keep alive, 11/3, p.41

Casting, Castings:
Continuous slab casting pays consumer dividends at Weirton, 10/20, p.23
Continuous strip caster, reverberatory furnace to be installed by Archer Products Inc., 12/29, p.16
Emralon 310, a resin-bonded polytetrafluoroethylene coating cuts rejects, 7/21, p.41
Loma automatic handles slabs, 8/11, p.60b
'No frills approach' to continuous casting, Rokop-Gibson concept, 12/8, p.73
Prestcast, new titanium ingot process, 9/15, p.58b*
Slab casting and sawing system at Revere Copper, 7/7, p.80e*
Squeeze castings, IITRI study, 8/18, p.19

Census:
1970 census: Businessman's stake, 7/7, p.19

Ceramics:
Ceramic magnetics made by Amplex—for small electric motors and loudspeakers, 8/11, p.53†

Chase Manhattan Bank:
Butler (economist) on inflation, 8/18, p.28

Cleaning:
Oscilloscope plots cleanliness, stainless billet sections, ultrasonic inspection technique, 8/18, p.48
Ultrasonic cleaning, in-line system at Branson Instruments, 12/22, p.34

Cleveland:
Steelmakers face charge of water pollution, 9/29, p.33

Coal & Coke:
Aussies look at coke briquets size of duck eggs for blast furnace use, 9/8, p.13
Coal strikes pinch steelmakers, 8/25, p.17
NCA forecasts coal still power leader, 12/15, p.17
Reclamation of coal strip mined lands, 10/6, p.60a*
Polish engineers report fully automated coal mine, 8/11, p.27

Coated Steels:
Coated steel stands in for stainless, English research, 11/17, p.29

Coil Coaters:
Industry reports growth, 10/27, p.33

Coil Coating:
Electron guns cure metal coatings in seconds: 'Instant' curing nears production, 7/21, p.32

Cold Rolling:
Savings shape up from precision cold rolling, Universal-Cyclops Titusville, Pa., plant, 8/4, p.40

Colleges:
Grads' starting pay up, 7/21, p.18
John Carroll APM program, manager-student class, 8/18, p.36

Communications:
Allis-Chalmers' Stewart defines basic rules for successful company communications, 9/15, p.58d*
Good listeners are good leaders: Effective listening, a tape method by Xerox, 10/13, p.50
Train foremen to bridge shift-to-shift barriers, communications links, AAIM study, 7/14, p.44

Company Operations:
Ohio Steel Tube: Right decisions raise production, adding facilities, etc., 7/7, p.63

Compensation:
Managers pay—sample the compensation cafeteria approach, 10/6, p.58

Components Industry:
3rd quarter inventories, 8/4, p.7
3rd quarter inventories, 11/3, p.56

Composites:
Coating carbon fibers with tungsten, English report, 7/14, p.22
Northrop builds composites specialists group for advanced aircraft, 8/11, p.26
Resistance spotwelding predicted for composites of aluminum reinforced with boron filaments, 10/13, p.23

Computer Consultants:
Computer consultants aim at service centers: Ken Baker, Comsi reports, 9/22, p.35

Computer Industry:
TRW (Muchmore) reports: Computer spurs data boom, an information revolution, 12/8, p.64

Computer Programs: See Management Systems

Computers, Data Processing:
Aerospace ponders computer power (CAD and CAM), 9/29, p.27
Amfacts, computer sends cost facts to managers (formed by Amforge), 9/29, p.40a*
Blind find success in computer programming, 10/20, p.13
Boeing organized computer design as corporate level (CAD), reduces costs, inventories, 7/28, p.26
CAMELOT, design information from sketches, 12/22, p.15
Computer aided design (CAD) and manufacturing (CAM): Logjams block computerized production, 12/15, p.36
Computer process control alerts to breakdown, 7/21, p.41
Electronic data processing, trucking industry, 7/14, p.9
Gas flow computer, 12/22, p.15
Heat exchanger, computerized tube assembly, 9/15, p.80b*
Image analyzer offers print out, 12/29, p.28
Inventory taking simplified by Monarch Marking Systems' flashlightlike device, 12/29, p.16
Lockheed steps up computerized manufacturing, 12/22, p.17
Minicomputers invading consumer markets, 10/27, p.32
Process computer tests truck engines, White Motor, 9/8, p.36
Rohr Corp., keeps tabs on work in process via Mabel, computer and Touch Tone telephone system, 7/7, p.48
Superfiche, a microfilm records-keeping setup, 7/7, p.80c*
Underground data center proposed, Calif., 12/22, p.13

Conglomerates: See Mergers

Construction Industry:
Anti-inflation policies to hurt industry in '70s, 11/10, p.53
Industry report: Construction equipment men reassess their route, 10/27, p.64
Package deal bidding rise in steel and concrete market seen, 12/29, p.14
Roger Blough crusading to curb construction costs, 12/29, p.19

Construction Materials:
Steel studs vie for job in home building market, 8/25, p.44d*

Consumer Affairs:
Consumer Adviser — Virginia Knauer talks tough on product safety, 9/15, p.79
Senate to get guarantee bill, 8/25, p.15

Consumer Buying:
Consumer credit use forecast, 12/22, p.12
Michigan Center survey, 2nd half, 7/21, p.7
NICB survey, consumer cut backs, 12/1, p.11
University of Michigan survey: Caution lowers buying plans, 10/20, p.12

Consumer Problems:
Spotlight on consumerism: 'Business as usual' is not (President's committee), 10/11, p.49

Consumers:
Consumer pessimism mounting, 7/14, p.15

Constant Conveyors Case: See Managing for Productivity

Containerization:
A boom in new handling facilities pushes investments, 7/14, p.19
Container pools promise lucrative leasing profits, 9/29, p.40d*

Cornell Aeronautical Laboratory:
Study of auto deaths at intersections—computer use, 8/25, p.9

Crime:
